Town of Auburn

1984 Town Report and School Report

OFFICE OF THE SELECTMEN

P. O. BOX 218

AUBURN, NEW HAMPSHIRE 03032

TEL. 483 - 2281

February 6, 1985

To the Residents of Auburn:

In the Bible, Gideon dismissed 99% of his army and went on to win a great victory. Generals have the luxury of issuing orders while Selectmen search for volunteers. Out of 1800 registered voters the Selectmen are continually looking for 50 volunteers to run the Town.

The community needs people with ideas and a vision of the future who can work toward a goal within the system. A donation of your time and effort to the community can pay dividends in personal development and career enhancement.

The amount of time needed depends on the position and the background of the individual. To enable you to become a knowledgeable volunteer, there is a system for training Zoning and Planning members. All members are encouraged to attend seminars including the alternates who can become full members of the Board. The Chairman is selected annually by the entire membership.

Still, no matter what the background, dedication, and knowledge of the volunteer, the Town needs the services of full-time professionals. Every year we increase our utilization of lawyers, planners, engineers, and accountants. The volunteers set policy and the professionals guide the process to make sure things are carried out in a proper manner.

So, look over the list of dedicated, conscious volunteers and speak to the Selectmen about a position in town government. Whatever your category, native or new arrival, young or old, man or woman, professional, or blue collar worker, your community needs you.

Picture taken in early 1920's Charlotte Parker Milne Estate built by Mr. and Mrs. Walter Matthew Parker as a summer home in 1903. The estate officially referred to as Stoneacres was lived in by the Parker's daughter, Charlotte Parker Milne, until her death in 1980. Her son, Norman Milne, Jr. lived with his family in the house for a while.

The Milne Estate, as it was known locally, overlooked Lake Massabesic. On a clear day the Monadnocks and Temple Mountain can be seen from the site.

Picture on cover compliments of Norman and Anne Milne.

Library Trustee for three years
Cemetery Trustee (Auburn Village) for three years
Cemetery Trustee (Longmeadow) for three years
Trust Fund Trustees for three years
Supervisor of the Checklist for three years
Police Commissioner for three years
Auditor for two years

Second: Are you in favor of adopting Article Two? To change the Auburn Zoning Ordinance to make editorial changes therein and to make it conform to the revision in the statutes of the State of New Hampshire, effective January 1, 1984, relating to zoning, such changes being on file for public inspection at the Auburn Town Hall, Selectmen's Office. (Recommended by the Auburn Planning Board)

Third: Are you in favor of adopting Article Three? To add a new section to the Auburn Zoning Ordinance to be designated as 807 and entitled Interim Growth Regulation and to read as follows:

807 Interim Growth Regulation.

The number of residential building permits to be issued shall be limited to fifty (50) for one year commencing March 12, 1985 and ending March 11, 1986. These permits shall be non-assignable and shall be issued in the order of application, except that:

- Not more than five (5) permits shall be issued to any one individual, business entity or group of related individuals and/or business entities; for purposes for this provision, "related individuals" shall be spouses, children, parents and siblings; "related business entities" shall be two or more sole proprietorships, trusts, partnerships, and/or corporations with a common or related partner, beneficiary, trustee, director, shareholder or officer; and
- Not more than five (5) permits shall be issued in any one sub-division or resubdivision of land; and
- Ten (10) permits shall be reserved for owners of single lots that are not part of a subdivision of three lots or more or not created within one (1) year from the date of building permit application.

A list of applications will be available at the Town Clerk's office during regular business hours.

This article is to be effective only upon Town of Auburn appropriating a sum of money at the Town Meeting of

March 12, 1985, to obtain the service of a Planning Agent or Consulting Engineer with planning capacities to update the Town's Master Plan and prepare and implement a Growth Management Plan. (Money included in the Budget - Recommended by the Budget Committee) (Recommended by the Planning Board)

Fourth: Are you in favor of adopting Article Four? To amend Article II, Auburn Zoning Ordinance, "Definitions as follows:

- Amend Definition 219 Commercial Service Establishment, to delete the words, "not exceeding 3,000 square feet in floor area. (For larger uses, see 'Office Establishment')"; and to add the words "electrician, plumber, repair service, installation service, general contractor and the like."

Ninth: To see if the Town will vote to authorize the Selectmen to borrow money in anticipation of taxes.

Tenth: We, the undersigned, being legal voters of the Town of Auburn, N.H., do hereby petition the Board of Selectmen to place the following on the Warrant for the 1985 annual meeting:

To see if the Town will vote to pass the following proposed Ordinance prohibiting any member of Town Government, whether elected or appointed, from continuing in office if he or she encounters a conflict of interest.

CONFLICT OF INTEREST

I. PURPOSE:

The elected and appointed officials of the Town of Auburn are charged with the responsibility of insuring and maintaining the well being of all town residents and land owners. These officials can only function properly when they hold the publics trust, confidence and support. However, that trust, confidence and support can't be maintained where there is conflict of interest between the public officials duties and responsibilities and his or her private interest or well being. The appearance of such conflict is as detrimental as an actual conflict itself.

II. DEFINITIONS:

A. Public officials: Any person, whether elected or appointed, who holds any position, on any town board, or department or agency, and any person employed by the town or any of its boards, departments or agencies.

B. Conflict of Interest: Any occasion or situation which arises or come before any public official which may, in any way, affect the personal interest, for good or ill, either directly or indirectly, of such public official.

C. Limited Conflict of Interest: Any occasion or situation where a conflict of interest may arise, but which will be resolved at the town level within 90 days and/or by no more than three meetings or votes of the board, agency or department.

D. Substantial conflict of Interest: Any occasion or situation where a conflict of interest may arise, but which cannot be resolved at the town level within 90 days and/or by no more than three meetings or votes of the board, agency or department.

E. Owner: Any person who shall have control of, or substantial rights or interest in, as sole owner, partner, limited partner, shareholder or as officer, or director. Control of, or substantial rights or interest in a business shall mean a 5% or greater interest or share of any business.

F. Payment: Receipt by an employee or money, service, debt, instrument, shares, etc., or promises to receive such items.

III. ACTS PROHIBITED:

A. No public official shall participate in any vote or decision making process in his or her official capacity where a conflict of interest exists or may exist.

B. No public official shall attempt to influence any vote or discussion on any subject, occasion or situation where he or she shall be involved in a conflict of interest.

C. No public official shall deal with any town board, department committee or subcommittee as an owner, officer, agent, subcontractor, salesman, employee, or represent-

ative of any business seeking to provide any goods or services to the town.

- D. No public official shall in any way be involved in, or profit from any project, subdivision, or development within the town of Auburn during the term of his or her office or for a period of three years thereafter, which shall impact upon or affect the services provided by the Town of Auburn to its citizens.
- E. No public official shall bid on, purchase, or take any land or other asset of the town which may choose to dispose of.
- F. No public official shall become involved in, or in any way profit from, any project, development, contract or agreement entered into by the town while such public official was in office. Nor may such public official become involved in, or in any way profit from, any such project development, contract or agreement after leaving office, if such public official was involved in the evaluation, planning or in any other manner, with such project, development, contract or agreement during his or her term of office.

IV. DISCLOSURE:

- A. All public officials shall be required to disclose to the citizens of Auburn, any and all business, financial, or real estate interests within the Town of Auburn.
- B. All disclosures will be made in writing and under oath and shall be filed with the town clerk.
- C. All disclosures shall be considered to be public records open to review by the general public at all reasonable times.
- D. Any such disclosure shall be updated at least yearly on the anniversary of the public officials election and any time the public official becomes aware of any potential conflict of interest.

V. ACTION WHERE CONFLICT EXISTS:

Whenever a conflict is discovered the affected official shall disclose such conflict immediately to his or her supervisor or other board members. As soon as is practicable after such disclosure, a public hearing shall be held on the issue to determine whether the conflict is a limited or substantial conflict. If after hearing the conflict is determined to be a limited one, the affected official shall not fulfill his or her position until the conflict is resolved. If the conflict reasonable appears to be a substantial one, or if the conflict continues beyond 90 days and/or three meetings or votes on the subject causing the conflict, the affected official shall be asked to resign and a replacement named or elected as appropriate. Where the affected official refuses to resign, the position shall be declared vacant and a replacement shall be named or elected. Where the affected official knows of such conflict, but fails to disclose the conflict, such official shall be removed from office regardless of the length of the conflict, after notice and full opportunity to be heard at a public hearing.

VI. EFFECTIVE DATE:

This Ordinance shall take effect immediately after its adoption at the town meeting and shall affect all officials elected or appointed at or after said meeting. All officials whose terms began prior to the adoption of the Ordinance shall be exempt from its provisions for a period not to exceed one year.

Auburn School District Warrant State of New Hampshire March 15, 1985

To the inhabitants of the School District, in the town of Auburn, New Hampshire, qualified to vote in District affairs:

You are hereby notified to meet at the Auburn Village School in said district on the 15th day of March, 1985, at eight o'clock in the evening to act upon the following subjects:

1. To hear the report of agents, auditors and committees or officers chosen and pass any vote relating thereto.
2. To see if the District will vote to authorize the School Board to apply for, accept and expend, without further action by the School District Meeting, money from the state, federal or other governmental unit or a private source which becomes available during the 1985/86 school fiscal year provided that such expenditure be made for purposes for which a School District may appropriate money and that such expenditure not require the expenditure of other School District funds.
3. To choose one Auburn voter to serve as a member of the Auburn-Candia-Hooksett School Districts Staff Development Committee for two years.
4. To see if the District will appropriate Eight Thousand Two Hundred Dollars (\$8,200.00) or any other sum for alterations and renovations to the windows on the front side of Auburn Village School. (Recommended)
5. To see if the School District will vote to raise and appropriate the sum of Twenty-Nine Thousand, Nine Hundred Twenty-Four Dollars (\$29,924.00) to fund the cost items related to an increase in teachers' salaries and benefits attributable to the latest Collective Bargaining Agreement entered into by the Auburn School Board and the Auburn Education Association for the fiscal year 1985-86, such sum of money representing the additional costs attributable to the increase in salaries and benefits over those obligations payable under the first year of the Collective Bargaining Agreement. (This is the second year of a two year contract.) (This sum of money is included in the 1985-86 budget.)
6. To see what sum of money the District will vote to raise and appropriate for the support of schools, for the payment of salaries and benefits for school district officials and agents other than benefits and salaries payable to teachers, and for the payment of statutory obligations of the District.

Given under our hands at said Auburn, New Hampshire, this the fourteenth day of February, 1985.

Auburn District School Meeting

Auburn School District meeting was called to order at 8 PM by C. Donald Stritch on March 16, 1984.

Article 1 was read and William Wood made motion to accept it as read. It was seconded by Susan Tardiff. There was no discussion. A vote was called for. Article 1 was passed as read.

Article 2 was read and William Wood made motion to accept it as read. Anna Davis seconded the motion. A vote was called for. Article 2 was passed as read.

Article 3 was read and J. Herbert Tardiff made motion to accept the article as read. Susan Tardiff seconded the motion. The article was explained and questions were answered. A vote was called for. Article 3 passed as written.

Article 4 was read and Mr. Andrus made motion to accept it as read. (\$1,573,579.00) Paula Marzloff seconded the motion. Discussion followed. The school board explained that this was a very tight budget. Mrs. Davis stated that over the past 8 years there has been continuous increases. The school board explained reasons. If budget cut possibility exists than the board wouldn't be able to meet obligations. Mr. Sullivan called for vote. The cutting of the budget by \$73,579.00 was voted not to accept. The question on \$1,573,579.00 was called for, and seconded. The vote called for and was passed as written.

Motion made to adjourn at 9 PM by John Davis, J. Herbert Tardiff seconded. Meeting adjourned.

Audit Report

To the Members of the School Board
Auburn, School District
Auburn, New Hampshire

We have examined the combined financial statements and the combining, individual fund and account group financial statements of the Auburn School District as of and for the year ended June 30, 1984, as listed in the accompanying table of contents. Our examination was made in accordance with generally accepted auditing standards and, accordingly, included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

As described in Note 1B, the combined financial statements referred to above do not include financial statements of the General Fixed Asset group of accounts, which should be included to conform with generally accepted accounting principles.

In our opinion, except that omission of the General Fixed Asset group of accounts results in an incomplete presentation as explained in the above paragraph, the combined financial statements and the combining, individual fund and account group financial statements referred to above present fairly the financial position of the Auburn School District at June 30, 1984 and the results of its operations for the year then ended, in conformity with generally accepted accounting principles applied on a basis consistent with that of the preceding year.

Our examination was made for the purpose of forming an opinion of the combined financial statements taken as a whole. The combining, individual fund and account group financial statements and supplemental schedules listed in the table of contents are presented for purposes of additional analysis and are not a required part of the combined financial statements of the Auburn School District. The information has been subjected to the auditing procedures applied in the examination of the combined financial statements and, in our opinion, is stated fairly in all material respects in relation to the combined financial statements taken as a whole.

Superintendent's Report

As a continuation of the Management by Objective System for the four districts of Auburn, Candia, Hooksett and Raymond, the following objectives were adopted for the 1984-85 school year by the S.A.U. #15 Board:

- * to develop a guide for Annual School District Meeting
- * to coordinate the implementation of a marketing plan which will provide each district with the opportunity to improve their public relation skills
- * to direct the ongoing curriculum identification and review process for the 1984-85 school year
- * to implement a teacher supervision model which would be consistent with the management by objectives philosophy
- * to develop a Classified Employee Handbook.

Serving with me to meet the above objectives were two new administrators to S.A.U. #15; Mr. Carl Batchelder, Assistant Superintendent for Instruction and Special Education and Dr. Kenneth Severson, Assistant Superintendent for Business and Finance.

Mr. Batchelder holds a Master's Degree in Education from Plymouth State College. Prior to his appointment at S.A.U. #15 he served as principal in Nottingham, New Hampshire and more recently in Brookfield, Massachusetts. His background in the educational field is extensive, and since his appointment Mr. Batchelder has supervised the various phases of the Instructional and Special Education areas in the central office.

Dr. Severson earned his Master's Degree in Educational Administration from Columbia University, and completed his Doctoral program at Nova University, Florida, majoring in Educational Administration. Dr. Severson has served as Superintendent of the Rutland-Windsor, Vermont, Supervisory Union School District and as principal of other Vermont schools during his career in education.

Dr. Severson is responsible for the numerous duties related to Business and Finance at S.A.U. #15.

A few of the important projects which took place during the last school year are cited below:

* The Auburn School District recognizes the importance of the educational administrator's role in leadership for learning. In an effort to more effectively utilize the leadership skills of building principals in each of our schools, a revised teacher supervision process has been initiated. Teacher supervision now involves three components: establishment of professional improvement objectives, formative classroom observations, and summative yearly teacher evaluation. This teacher supervision model will assist the district in meeting the primary objectives of teacher evaluation which is improvement of the educational process.

* ECIA Chapter I funding provides funding for improving reading and math skills of students in grades 2-4. The Chapter I teacher/coordinator offers a one to one tutorial instruction approach at the Auburn Village School which benefits those students involved in this program.

* The Auburn School District received an energy conservation grant in the amount of \$30,000 to replace much of the window glass in four classrooms with insulated walls.

* A federal inspector from the Environmental Pro-

tection Agency inspected the Auburn Village School to check for asbestos this past year. None was found.

* The newly developed Gifted and Talented Program has met with great success. The community support of this particular program is to be commended.

* The Auburn School Board is currently reviewing their Policy Manual as it relates to the operation of the Auburn Village School.

* The Auburn PTA playground project was completed this year and has certainly enhanced the physical appearances of the school grounds, as well as the recreational facilities for the students. The determination and dedication of the PTA members and citizens of Auburn has made this worthwhile project a reality. Thank you all!!!

A major concern of mine at this point is that the school district, through the school board, focus on short and long range planning and also consider the growth of the towns surrounding the Auburn School District.

Two areas which need attention are:

- (1) In-district growth
- (2) The future of high school students in the town of Auburn.

All one needs to do is just look south to the Derry area to see the rapid growth occurring in this section of New Hampshire, which I believe is moving northward. Appropriate future planning is the only choice if we want to prevent sudden decisions having to be made related to our students' education.

Secondly, there is a concern since Pinkerton Academy is limiting their enrollment to 25 students per year, and a 3 year contract which has just been entered into with Manchester. It is my opinion that we should definitely investigate other avenues for the secondary education of Auburn students.

I wish to thank the Auburn School Board members, citizens of the community, Principal Ray Bourque, and all school staff members for their continued support throughout the year.

Respectfully submitted,

David R. Cawley
Superintendent of Schools

Principal's Report

The school population of September 2, 1983 was 399 and when school closed in June it was 408.

During the past school year the faculty have been busy working on various committees to improve the curriculum, especially in the areas of science and language arts.

The science committee completed a science curriculum guide for grades 1-8 and will up-date the 7&8 grade curriculum when then finish reviewing the new guidelines established by the State Department of Education with the faculty at Manchester Memorial and Pinkerton Academy.

The language arts committee completed their first draft of the curriculum guide and will be completing the final guide for typing in May 1985.

The implementation of a new language arts series for all grades was not accomplished because of budget cuts in this line item last year. The money for new language arts texts has been budgeted for 1985-86.

Only minor repairs and general painting have been done this past due to budget cuts.

It is important for people to know that the local school budget has been kept at level funding for the past two years. At some point this could have a drastic affect on the quality of educational opportunities made available to students in Auburn.

During the past two years, finding quality candidates for major teaching positions has been a major concern of mine. It has become more difficult to keep teachers and fill vacancies in the areas of science, english, math and special education. As a community I urge you to seriously strive to help make Auburn competative in the market place to maintain the quality of education expected by the citizenry of Auburn.

The Auburn Village School P.T.A. received the Unit of The Year Award from the New Hampshire Congress of Parent Teachers for their efforts in planning and building the new playground at the Auburn Village School.

The recognition extends beyond the P.T.A. and should be shared with all the people who contributed time, equipment and materials to help complete the project.

I would like to add my congratulations to every person involved in the playground project for a job well done.

Graduation exercises were held on Thursday, June 15, 1984, when sixty-five students received diplomas. The guest speaker was Miss Corrine Lucier, Miss New Hampshire 1984.

Honor speakers were Jill Hanscomb, Kerry Long and Jaison Stritch. Departmental Awards went out to Kerry Long, Social Studies; David Hales, Science; Jennifer Frasier, English; Jaison Stritch, Mathematics. Honor Student Award went to Jaison Stritch. P.T.A. Award - Most Improved went to Janet Wood. Millie Preston Service Award went to Jennifer Frasier. School Board Citizenship Award went to Stephanie Allain.

Mr. Donald Stritch, trustee of the Citizens Scholarship Fund of Auburn, made the presentation of the third annual Millie Preston Scholarship Award to Diane Doyon who is pursuing a medical career at Hofstra

University in Hamstead, New York. A second awaro was presented to George Gibby who is presently attending Northeastern University in Boston, Massachusetts and pursuing a career in engineering.

I would like to thank the parents, faculty, staff, students, School Board Members, the Superintendent of Schools and his staff, and those other valuable members of the community whose efforts have been focused on improving the educational programs in Auburn.

Raymond Bourque, Principal
Auburn Village School

Auburn School Board Report

The past year has been, in many respects, a difficult but challenging one for Auburn. Faced with the uncertainty of the impending fiscal crunch there were some tough decisions to be made. At a time when it would have been easy to rationalize large cuts we held the line, curtailed and delayed some plans, but we did not go backwards. As a result our school system continues to be strong. I believe this is an indication of the level of awareness in our community as well as an indication of the value we place on the education of our children.

Of course our town continues to experience very rapid growth and we are all aware of the inevitable consequences this will ultimately have for us. At present, however, we are still a relative small rural town with limited resources. It is a gross understatement to say that our school would not be what it is without the tremendous support of numerous individuals and organizations that give so much of their time and talent, individually and collectively. The recently completed playground is one of the more visible examples of a superior community effort. The School Board, on behalf of the students, applaud each and every person who has contributed to making the Auburn Village School just that much better.

We would like to invite, indeed encourage, you to visit the school during a school day to get a first hand perspective on all that is happening in your school.

Respectfully submitted,
William Wood
Chairman, Auburn School Board

Auburn Town Report

Office of the Planning Board

The year 1984 was the busiest year ever experienced by the Auburn Planning Board. The Planning Board heard 39 cases, which resulted in 10 major subdivisions, of more than 4 lots, resulting in 100 new residential lots and 8 minor subdivisions creating 18 new residential lots. Still awaiting Planning Board approval are 5 subdivision applications which request a combined total of 123 lots. The Planning Board also approved 8 Lot Line Adjustments, 3 Site Plan Review Approvals, 3 Excavation Permits and 1 Excavation Permit Renewal.

The Planning Board experienced a very stable year in relation to membership, accepting the resignation of Mr. Daniel Gregoire and the appointment of Ms. Christine McLaughlin as an Alternate Planning Board member.

As mandated by the residents of Auburn during the 1983 Town Meeting, the Planning Board completed the Capital Improvement Plan (CIP). The implementation of this plan gave rise to the majority of the proposals which the Planning Board is placing before the town residents at the scheduled March 1985 Town Elections and Town Meeting. The purpose of CIP was to identify and schedule major capital improvements which the town should pursue in order to maintain the services and standards which we, the residents of Auburn, have come to expect. This program identified the need for additional town space in relation to fire, police, town administration and most importantly, school facilities.

In light of this fact, the Planning Board is placing a request before the Auburn voters. It is to appropriate

\$42,000.00 to update the Auburn Master Plan, to develop a Growth Management Plan and to conduct a roads assessment survey.

The Planning Board is also proposing a number of Zoning Ordinances; the most important of which is the Interim Growth Regulation which will allow the town to control the residential growth for one year during which time the aforementioned Master Plan update and Growth Management Plan will be implemented. Additionally, the Planning Board is proposing a number of changes to the Auburn Zoning Ordinances. First, to make a number of editorial changes in order to bring the existing ordinances into compliance with changes mandated by the State Legislature in 1984. Second, to broaden the definition of Commercial District to attract commercial development and to broaden the town tax base. Third, to propose a parking restriction on large commercial vehicles in Residential Zones. Finally, to establish a Conservation Commission.

The Visiting Nurse Association

Home Health Agency of Greater Manchester, Inc.

Founded in 1897 the Visiting Nurse Association has an 87 year history of providing home health care services to the greater Manchester community. The service area includes Auburn, Bedford, Candia, Goffstown, Hooksett, and Manchester, with limited services to Amherst, Milford, and Mont Vernon. VNA is accredited jointly by the National League for Nursing and the American Public Health Association. It carries Medicare and Medicaid certification and receives partial program funding from the Greater Manchester United Way.

VNA home nursing aide services are available 7 days a week and 24 hours a day, with other services provided on a regular schedule. The Home Care Program which includes services to terminally ill continues to be the program serving the largest number of residents.

VNA is committed to providing necessary services to people who are financially unable to pay the usual fees. Fees are explained to our patients at the first visit to the home and adjustments are made on an individual basis.

The Agency has also continued to provide Immunization clinics, adult health screening programs, including Blood Pressure screening, Foot Care Clinics to the community. Other programs include the Occupational Health Services Program and the Parent Child Health Program which includes the Teenage Pregnancy Program. Walk-in Blood Pressure Screening, health counseling and teaching are provided Monday-Friday from 1-4 at the office at 194 Concord Street in Manchester.

Town appropriations are a vital part of the funds which make these services possible. This past year 458 units of home and community service were rendered to 57 residents.

Some of these services for people who were unable to pay were paid for in part by the town appropriation of \$4,007, various grants, United Way, donations, and solicitations. The Town of Auburn is represented on the VNA Board of Directors by Peggy Wornick.

Sincerely,

Sarah Hubbard
Executive Director

Zoning Board of Adjustment

The Zoning Board of Adjustment meets on demand at the Town Hall. Requests for a hearing are made to the Zoning Officer, Mr. F. Russell Sullivan. During 1984 the Board held 17 hearings, 7 being for Special Exceptions, and 10 for Variances. The hearings, which are open to the public, are posted and advertised in the Manchester Union Leader. Minutes of the meetings are posted at the Town Hall for public review.

Paula Marzloff, the Zoning Board of Adjustment's Staff Researcher, conducted two meetings this year, in addition to the regular hearings. They provided the Board with information and background on various aspects of zoning.

I wish to express my appreciation to all the Board members and alternates for the time and effort expended to the Town's benefit.

Respectfully,
Irving Lunnie, Chairman

Report of the Southern New Hampshire Planning Commission

Auburn's membership in the Southern New Hampshire Planning Commission provides the Selectmen and the Planning Board with access to a variety of extremely cost-effective staff services that are available to help them deal with numerous planning and planning-related concerns.

Staff services rendered under the Commission's local assistance program consist of (1) those which the Commission believes are important enough to warrant a general notification of all member communities and (2) those which are specifically requested by municipal officials in accordance with locally-determined priorities.

Local assistance services provided to the Town of Auburn during the past year included:

- Provided technical assistance to the Board of Selectmen regarding the preparation of the Town's 1984 Community Development Block Grant application;
- Advised the Selectmen's Office of the scheduling of a CDBG grants administration training session conducted by the Office of State Planning;
- Provided Selectmen with a copy of a summary of a Superior Court decision regarding a zoning matter;
- At the request of the Zoning Board of Adjustment, provided suggested guidelines concerning their review of a cluster residential development proposal;
- Provided the Industrial Development Commission with referrals regarding such matters as articles of incorporation and general operations;
- Met with the Planning Board to provide a briefing on the function, preparation and the annual update of a municipal capital improvements program;
- Provided the Selectmen's office with prints of the Auburn composite tax map;
- Provided the Selectmen's office with information regarding the adoption and administration of the BOCA building code;
- Provided the Planning Board with guidelines concerning the new statutory requirements pertaining to the scheduling and notice of public hearings on proposed amendments to the zoning ordinance and building code in preparation for the March, 1985 annual Town Meeting;
- Co-sponsored the Municipal Law Lecture Series to which Auburn officials were invited; and
- Co-sponsored the Natural Resources Lecture Series conducted by the Strafford and Rockingham counties Conservation Districts and Cooperative Extension Service.

Auburn's representatives on the Commission are:

Board of Commissioners: Mrs. Brenda M. Beer, Treasurer
Mr. Donald Marzloff
Mr. Daniel Carpenter

Executive Committee: Mrs. Brenda M. Beer

Metropolitan Manchester Transportation

Planning Policy Committee: Mr. Donald Marzloff

The Auburn Volunteer Fire Department continues to provide excellent fire protection and medical assistance to the residents of Auburn. The fire and rescue personnel continue to train and learn advance techniques in their field.

During the past year, the department has sponsored a Green Burn Party/Open House, CPR, and Advanced First Aid classes and dances. These functions are open to the public. In October, members of the department set up an expanded Fire Prevention Program in the Village School and town nursery schools. Chimney and wood stove inspections can be arranged through the fire department. Literature for safe burning operations and "Tot Finder" window stickers are available at the fire house.

This past summer, new insulated doors were installed at the fire house in an effort to conserve energy.

The members of the department are concerned about locating addresses and again request ALL residents to display their street numbers on their homes. Also, when reporting an emergency, stay calm, speak clearly and remain on the telephone until the dispatcher has all the necessary information.

Yours in fire safety,
Martin Sullivan
Chief, AVFD

Report of the Forest Fire Warden

The first forest fire prevention law was enacted by the New Hampshire Legislature ninety years ago. This early law set up a cooperative forest fire prevention and suppression effort between town and state government. The law simply stated that no open fire could be kindled when the ground is free of snow, without the written permission of the town Forest Fire Warden. The law also provided that anyone kindling a fire without permission shall be liable for the damage caused, fire suppression costs and subject to a \$1,000 fine. This law has worked so well that it has remained unchanged to date.

This cooperative fire prevention law has contributed significantly to the nationally recognized annual forest fire loss record.

Auburn Police Commission Report

To the Citizens of Auburn:

The past year has been one of many changes in the Auburn Police Department. The Police Commission including the Selectmen's and School Board representatives have spent a considerable amount of time and effort in their attempts to improve the overall operation of the department and to make it more responsive to the needs to the community.

New administrative procedures have been instituted to ensure that expenses incurred are both necessary and within the constraints of our budget. Policies relating to department personnel, equipment usage, and maintenance have been adopted and are being monitored. Progress has been made and we hope to achieve our goals in the coming year.

We are attempting to upgrade equipment to the extent that our budget will allow. We anticipate that all equipment will be standardized throughout the department within a few years.

There has been a greater emphasis on the ongoing training of our officers. All are State certified and some of them have received specialized training.

The Department now has a base radio station that will become fully functional when the licensing requirements have been approved by the communication authorities. The station will enable communications with other police departments, the fire department, and provide a shorter response time in emergency situations.

We solicit any suggestions that the townspeople may have that would improve the effectiveness of our department.

Philip Hujar, Chairman
Theobald Therrien
Albert Samson, Clerk
William Wood, School Representative
Brenda M. Beer, Selectmen's Representative

Auburn Mediation Program

The six towns served by the Auburn District Court now have the services of the Auburn Mediation Program available to them.

Mediation is an alternative to criminal court process and placement for juveniles. Referrals can be made by the court, the police, the schools, a local service agency, or the parties involved.

Most young people who are in difficulty at home, school, or in the community have often alienated themselves from their parents by their behavior. Mediation aims to achieve specific behavioral changes on the part of the child and the parent.

A mediator is a "person in the middle"; a third person in the mediation session who helps both parties to talk to each other and find a solution that is acceptable to both. Mediators are trained in communication skills and take an oath of confidentiality. All mediators are volunteers.

The program has a staff of mediators who have completed intensive training and taken an oath of confidentiality administered by Judge John Korbey of the Auburn District Court. I am extremely pleased with the dedication shown by the mediators involved in this program; and would like to take the opportunity to express my most sincere gratitude to all of them for their commitment to his most important program.

Darlene L. Connor, Coordinator
Auburn Mediation Program

Griffin Free Public Library and Museum

To the Citizens of Auburn:

On April 28, 1893, Sebastian Griffin deeded to the Town of Auburn, a small piece of property with the building on it to be used as a library and museum. With it, Mr. Griffin gave a large portion of his own collection of memorabilia.

At that time, this building was adequate for the size of the Town. However, with the growth of the Town of Auburn, the trustees have felt that something should be done to increase the size of the Library.

As a beginning, the Trustees and Selectmen have entered into negotiations with Mr. and Mrs. Robert Holmes to purchase land around the Library. If we are successful in this endeavor, then we will be making plans to put an addition on the building to increase the size of the library.

Respectfully submitted,
David S. Griffin
for the Trustees

Recreation Commission

The Recreation Commission has had a very busy year with the addition of new programs to their already successful events. The "Summer Recreation Program" led this year by Lori Lacasse was held at the Auburn Village School with an average daily attendance of 40 children. Two field trips were taken - one to Clough State Park and the other to the Flume and the Cannon Mt. Tramway. Both events were well attended and enjoyed by the children.

New in 1984 was the establishment of a Senior Subcommittee to help the Commission plan events for the 410 seniors in Auburn. It was a well received and successful new addition. As in previous years the Recreation Commission supported the Olde Home Days with a donation. Also supported by the group were the Massabesic Road Race, the Halloween school party, and other seasonal events.

In 1985, the Commission is going to work on new lights and improvements to the skating rink area. ("Thanks" to the Auburn Lions for their extensive clean-up of the area in 1984.) Future events for seniors, a summer program for children and the development of the recreation area in Sandy Acres will be priority items in 1985.

Recreation Committee

SENIOR ACTIVITIES

The 1984 Town Meeting approved \$500 to be spent on behalf of the Auburn Senior Citizens. In the spring of 1984, the Auburn Recreation Committee prepared and distributed a questionnaire requesting input on the types of activities seniors would be interested in attending. From this questionnaire, the Recreation Committee narrowed down the events to one choice of 1) A sitdown luncheon at the Village Square; 2) a chicken and rib barbecue with use of the facilities at the Highlander Inn; or 3) a dinner/dancing cruise on the Viking Queen to the Isle of Shoals. A list of qualified senior citizens in Auburn (55 and up) was prepared and as many as possible were contacted to determine which event would be selected. The Viking Cruise was chosen. A letter was sent to all senior citizens in Auburn. The Recreation Committee contributed \$100 of their funds and 40 seniors had an enjoyable evening.

A Recreation Sub-Committee consisting of several senior citizens are in the process of planning two events for 1985, spring and fall. Activities that will appeal to different age groups are under consideration. After discussing with the participants of the Viking Cruise, the sub-committee is recommending that part of the activities be underwritten by the participants.

The Budget Committee has recommended that \$1,000 for activities in the 1985 budget as everyone involved hopes to see the program expanded in the future.

Industrial Development Commission

To the residents of Auburn

During 1984 the Selectmen called to establish a committee to pursue the potential of developing the "Rifle Range". The spark to pursue the utilization of the property stems from the necessity to expand the property tax base with as little impact as possible on town services and the resulting expenditures.

The land, consisting of approximately 145 acres, of which there is estimated to be 100 useable, is situated in the northwesterly side of town. It was conveyed to Auburn in 1972 by the U.S.G.S.A. for a sum of \$20,000. While it has been zoned industrially for many years, activity has been limited in preparation of development.

Over the last few months, the committee has met several times to discuss: 1. prior activities in the potential development; 2. the benefits of industrial useage in opposition to residential or commercial; and 3. the problems unique to the land. It became readily apparent that the property would best suit the town's needs by remaining and being developed industrially.

Discussions were held with representatives of various State agencies including the Industrial Development Authority and the Office of Industrial Development. Additionally we spoke with potential residential, recreational and industrial developers as well as realtors. It was felt that the committee needed the expertise and knowledge of a professional agent to do a lot of the leg work necessary and assistance in determining the feasibility of a project.

The property has three distinct inherent problems. Primarily, access to the land is through a residential area. On site sewage disposal is hampered by a stream running though the center of the property which drains into Lake Massabesic, as well as high water tables. Water is presently provided by a two inch pipe which will require a substantial upgrading. The City of Manchester, reportedly, has applied for funding to bring a sewage interceptor to the traffic circle area. They indicate it is a regional project and consequently Auburn would be eligible for hookup. The timing, however, appears to be several years down the road.

We recently made arrangements through the Civil Engineering Department of UNH for assistance in reviewing the site and the feasibility of its development. They began at the end of January and expect by the end of April to have an assessment of the economic opportunities to the town and the related costs of developing the site. Further studies are intended to reveal any environmental issues and review the market potential.

An initial meeting with representatives of the engineering class has been held. Their approach is positive and they have provided some options. These variables include:

1. No development and sell the property as it is.
2. Provide water, sewer and a road to the property, and sell lots.
3. Provide water, sewer and road to property and throughout the site and then sell the lots.
4. Provide water, sewer and road to property and lease the land to a developer.

5. Provide all utilities and buildings in unison with a developer, and lease out to industries.

While all alternatives have merit, they all require a significant outlay of capital by the town or some authority associated with the town, to provide the proper utilities to make the site attractive and desirable. The initial study reflects costs associated with water to the site at about \$150,000, and sewage hookup as high as \$1,000,000. Various alternatives will be studied to determine the most efficient and cost effective. The location of the property near the watershed area and high water tables make offsite sewage the most applicable.

The committee is recommending the Town's approval on the appropriation of \$20,000 to fund the anticipated cost associated with the development of the project. The money is to be put in a separate fund to be used for engineering, surveying, marketing, consulting and legal. While there are no definite expenses other than a contribution to the Civil Engineering Department at UNH to help defray their out of pocket expenses at \$200, we feel that it is important that funds be available as needed. The end result of this project could easily result in a significant return to the town.

We wish to thank Professor Charles Goodspeed, Ph.D. and the senior engineering class at UNH for their enthusiasm and devotion to this project.

The committee consists of Dan Carpenter, Gerald Lacourse, Dave Canedy, Ralph McInnich and Dan Gregoire. We look forward to your comments and suggestions directed through the Selectmen's Office.

Auburn Olde Home Days

A steady downpour on Friday of the Olde Home Day weekend didn't dampen the 4th annual celebration. Several hundred citizens braved the weather and enjoyed break dancing, the music of the Black Water String Contra Band, and amusements on Friday evening. Outstanding citizens honors were presented to Donna Enright for her contribution to the establishment of the school playground and to Gene Thomas for his work with many town organizations including his work on the planned recreation area.

Saturday brought better weather for the parade, woods-men contest, square dancing, booths, crafts, and games. A special treat was the ride over Auburn in the hot air balloon. The evenings activities included the Red Wine Band, "Elvis", and the traditional fireworks display organized by Don Stritch.

"Special Thanks" to all those sponsors and hard-working residents that make the celebration so successful both in spirit and financially.

The Olde Home Day Committee

Community Organizations and Clubs

Massabesic Senior Citizens

The club was organized March 10, 1975. Organizers were Elizabeth Badger, Florence Banks, Alice Bergeron, Olive Biron, Doris Jackman and Bertha Stritch. It was incorporated August 13, 1975 as a non-profit organization and meets each Thursday of the month.

A registered nurse from the Manchester Visiting Nurses Association takes the blood pressure of all senior citizens who wishes the first Thursday of each month.

Members donates a food basket the first and third Thursday of each month to the lucky winner of the weekly raffle. The group has brunch at restaurants 3 to 4 times a year. A special speaker to talk on the important issues of the day comes each month. This year the seniors had lunch at the Auburn Village School as guests of the Brownies and the musical department.

Members visit the ill and shut-ins, send cheery "Get Well and Holiday" cards to them and send a bud vase to members in the hospital. There were forty-six members in 1984. Officers: President - Theo Therrien, Vice President - Betty Hales, 2nd Vice President - Albert Reynolds, Secretary - Amy L. Eaton, and Treasurer - Marion Fuller.

An outdoor picnic was held at the home of President and Mrs. Therrien in July, horseshoes, badminton, swimming and cards were enjoyed. Also at their home, we had a Christmas party in December. Pot Luck dinners are served the 4th Thursday of each month.

M.E. Church - Auburn - Fall 1922

Auburn Historical Association

The Association was chartered in 1976 as a private non-profit organization. Membership dues for an individual are \$3.00 and a family are \$5.00 per annum. The objectives are the collection and preservation of artifacts, manuscripts, and printed materials, and photographs relating to Auburn, its history and its people. The Association meets four times a year on the second Friday of February, May, September and November. Special meetings may be held at the call of the Chairman.

All meetings are open to the public. Guest speakers at the meetings talk on subjects of current or historical interest. Meetings are held in the Court Room of the Town Hall at 7:30 p.m.

Anyone having memorabilia relating to the Town of Auburn is invited to contact the Association. Any printed material can be copied and returned. Requests for research assistance and information are welcome. There is not a charge for any services. For further information please call Harry E. Flanders, President (483-8594), Pauline Higgins, Secretary (622-9152) or Marion E. Preston, Treasurer (483-2981).

Auburn Budget Committee

The Auburn Budget Committee began it's annual budget review process on Thursday, November 15, 1984. The Budget Committee meets every Thursday night at the Town Hall at 7:00. The Budget Committee meetings are open to the public. This year's Budget Committee members are: Jim Andrus, Chairman, Paula Marzloff, John Parris, Freddie Sanford, Pauline Locke, Gerald Lacourse, Bill Wood, School Board Representative, Brenda Beer, Selectmen's Representative.

The purpose of these meetings are to review the proposed budget as presented by the Auburn School Board and Board of Selectmen. This review process is essential to the development of the town's annual budget and is critical to the tax rate. "The Budget Committee welcomes the town residents attendance at these meetings, especially those who prefer to question the Budget at Town Meeting without prior participation in the budget process or background on the proposed expenditures.

4-H Program

4-H is the youth education program of the Co-Operative Extension service. 4-H members are primarily between the ages of 8 to 19. Children may participate in 4-H through a variety of programs, organized clubs, special interest clubs, or short term groups, 4-H camping or as individual members.

4-H tries to assist youth in acquiring knowledge, developing life skills, forming attitudes that will enable them to become self directing, productive members of society. This mission is carried out through the involvement of parents, volunteer leaders and other adults who help to organize these programs.

In our community most of our 4-H clubs meet in the house of the leaders, at a date and time set by them. Projects in crafts, cooking, sewing, nature, horse science, citizenship plus community awareness are taught by the following leaders; Bev Guinesso, Linda Gamache, Kelley Jackman, Florence Banks, Paula Marzloff and Fay Hanscomb.

We learn by doing and have fun at the same time! If you are willing to share your talents with us, please let us know. For more information about 4-H clubs you can write or call Lynn Garland, 4-H Agent, Box 200, Epping, NH 03042, 679-5616.

Auburn Volunteer Fire Department

The Auburn Volunteer Fire Department

The Auburn Volunteer Fire Department was established fifty years ago to protect the lives and property of the residents of Auburn and continues to function toward this goal. The fire and rescue equipment is top notch and the personnel are qualified, dedicated and hard working.

The fire department performs service calls for the public and floods the skating rink. It also offers wood stove clinics and inspections as well as classes in first aid and CPR. The firemen sponsor dances and other activities open to the public throughout the year.

Applications for membership are available at the firehouse and accepted Sunday mornings or meeting nights. The firehouse is open to the public on Sunday mornings. Regular Fire Meetings: 1st Monday of each month at 8:00 P.M.

Rescue Squad Meetings: 1st Thursday of each month at 7:00 P.M.

Auburn Volunteer Fire Department Women's Auxiliary

The Women's Auxiliary to the Auburn Volunteer Fire Department wishes to thank the towns people for their generous contributions and continued support.

Through the response we've had from the towns people on our various fundraisers, we've been able to assist the Fire Department with their communications system, the outfitting of fire fighters with protective air tanks, fire prevention programs for the school children, and along with the P.T.A., we have just recently purchased a finger print kit for children which we feel will be a benefit and always available to the town.

The Women's Auxiliary is always looking forward to welcoming new members. Anyone wishing to join our organization could attend any one of our regularly scheduled meetings which are the first and third Wednesdays of each month, 7:30 p.m. at the fire house.

It is not necessary for your husband to be a member of the Fire Department. The Auxiliary has scheduled the popular arm chair horse races for February. A turkey dinner will be held on March 30th with the annual "penny sale". For information please call 483-2696.

Auburn Leo Club

The Auburn Leo Club is an organization sponsored by the Auburn Lions Club. It was founded in May, 1979. Membership consist of teenagers from Auburn and surrounding communities. The general purpose of the Leo Club is twofold: To help teenagers develop as responsible and generous human beings; to provide a unique service to the local community. Both of these goals unite to form the central theme of the Leo Club: Leadership; Experience and Opportunity.

This year the Leo's have held a Walk-A-Thon (proceeds went to the Blind); donated work at Camp Pride (Diabetic Summer Camp for Children); sponsored a Foreign Student through Lions, obtained toys for needy children, held car washes, help with Community Calendars, Christmas baskets, obtained games for the new Women's Prison in Grasmere and wrapped gifts for patients at New Hampshire Hosptial.

Weekend camping, bonfires, hayrides and parties are also held.

The Club meets every 1st and 3rd Tuesday of the month at 7:30 p.m. at the Auburn Fire Station. New members are always welcomed.

For more information contact, Walter Carignan, Advisor at 622-8216, David Senechal, Advisor at 483-2572 or Russ Hitchen, President at 622-6790.

Auburn Lioness Club

Auburn Lioness meet the first Wednesday of every month September through June. Our meetings are held at 7:30 p.m. at the Auburn Village School except in September, December, and June when we have special dinner meetings in homes.

Our current President is Mary Royer, Vice President - Jane Smith, Secretary - Donna Enright and Treasurer - Alice Laliberte. We have a present membership of 18 women.

Our club is the sponsor of the local Girl Scout troop and the annual Young Authors Contest at the Auburn Village School. We donate to the PTA Halloween party, have contributed toward the wet suit and trauma kit purchased by the Fire Department, have sent a local girl to Camp Carefree for Diabetic Children, and have bought a close-captioned television for another local child.

The Lioness strive to help anyone who needs help whether it be in the way of financial assistance, material donation, or a service. We have crutches, walkers, wheel-chairs and an electroc bed for any family to use, free of charge for any length of time. Diabetes awareness and helping the blind are two of our major projects.

We prepare and serve dinners for the Lions Club's monthly meeting as well as their 140 Club Suppers. The proceeds from these suppers and other fundraisers provide the money needed to do all that the Lioness can do.

Community Organizations and Clubs Continued

Auburn Volunteer Program

The Auburn Village School Volunteer Program is in its seventh year and currently has 20 volunteers who have giving their time and energy. simply by giving a few hours of their time, individual talents and enthusiasm, they enrich the school curriculum.

The AVS volunteer's tasks are many and varied. There's no limit to what a school volunteer can do and the fun they have doing it - read to a child or group, review math skills with simple games, help the teacher prepare class materials, help kids select and check out books in the school library, type the weekly newsletter and just so much more. No degrees, special education background or experience are necessary. And there's no age limit. All that is needed is fondness for children, an interest in education and a desire to make it better, and a sense of responsibility and reliability. If you CARE, you are qualified.

To volunteer or for more information, please call Irene Dolbec, Volunteer Coordinator, at 483-8487.

Boy Scouts

The Auburn Boy Scout Troop 127 was reorganized about 5 years ago by Warren Fisher and presently has 21 boys under the leadership of Phil Rainville. Scouting includes the development of good citizenship, leadership, and physical fitness. Most of the boys are active and advancing in rank, two are presently working on Eagle Projects.

During the past year, the troop placed 4th in the District in physical fitness; 8th and 9th in the District Klondike Derby making them eligible for the Statewide Derby; and at the "Big Event" in Hopkinton, they placed 3rd in the District.

This summer the boys went to Hidden Valley for a week of camping and to Meade Base for canoeing and rock rappelling. At the weekly meetings they learned about winter survival, aviation, mountain climbing, the Fish and Game, Auburn Fire Station, and took a CPR course with many of the boys getting certificates. The troop went on hikes, mountain climbs, camping trips, as well as going to Washington, D.C. for a long weekend.

Troop 127 is also active in community projects such as roadside cleanup, Auburn Olde Home Days, repairs at the Longmeadow Church, delivery of Town Reports, and setting up the Christmas tree at Town Hall.

Meetings are held on Friday from 7:00 - 9:00 and new boys are always welcome.

This is the world's largest youth organization, but it cannot function without the help of many volunteers. Anyone interested in giving time at meetings, on trips, or in any area may contact Sara Gual, Committee Chairman (668-9979) or Phil Rainville (622-4313).

Burning Regulations

TO REPORT A FIRE DIAL 483-2521

The State of New Hampshire requires that written permits be obtained for all open fires at all times when the ground is not snow covered.

Permits may be obtained from the Forest Fire Warden, Mr. Martin Sullivan, for grass, brush, campfires, etc. Permits must be obtained on the day burning is to be accomplished.

Burn when there is no wind, on rainy days and damp days, in a safe place and in accordance with the terms of the permit. Burn before 9:00 A.M. and after 5:00 P.M. Keep some buckets of water close by; if wind develops, promptly extinguish the fire. All fires must be extinguished before you depart the scene.

Parking During Snow Storm

A. From November 1 to April 1 of each year no person shall park any motor vehicle on any public highway between the hours of 11:00 P.M. and 8 A.M. or at any time in such a manner as to impede snow removal operations.

B. Any vehicle parked in violation of section A hereof may be towed by the road agent, the chief of police or their agents or by independent contractors engaged by the road agent or the chief of police; any vehicles so towed shall be stored and released to the owner only upon payment of the cost of towing and storage by the owner.

C. Any person violating section A hereof shall be subject to a penalty not to exceed twenty-five dollars for each offense.

Dog Ordinance

A. RESTRAINT: All dogs shall be restrained from running at large within the limits of the town, except when they are on the owner's or keeper's property or being used for hunting or training purposes.

B. PENALTY: Any person or persons, firm or corporation violating any provisions of this ordinance shall, upon conviction, be fined not more than fifteen dollars (\$15.00) for each offense.
